Handheld engine programmers and tuners are a great way to squeeze hidden power out of your Jeep's engine, but that's not all they can do! If you've installed larger wheels and tires on your Jeep, or even re-gear your axles, they can calibrate for the differences to ensure your speedometer and odometer are reading correctly.

Does your Jeep only have a soft top, or maybe even no top at all? A hardtop will completely change the look and feel of your Jeep. If the weather in your area gets colder during some months of the year, a hardtop will make your Jeep warmer and can offer the convenience of a rear glass window with built in defroster to aid in melting ice and snow.
