people: a Nature and Wellbeing Act. Chapter 1 examines the relationship between the . state of nature, health and wellbeing and sets out why more nature and a greater connection to nature are good for us, and why it should form a core part of any policy response to these problems. It also explores public attitudes to nature and how current

### **A nature and - The RSPB**

MPs will be lobbied today by wildlife supporters desperately concerned at the declining state of Britain's nature, writes Martin Harper. Despite clear warnings that both 'protected' sites and threatened species are faring badly, politicians find it all too easy to look the other way. Hence the need for a Nature and Wellbeing Act.

### **Rallying for wildlife - we need a Nature and Wellbeing Act**

The Nature and Wellbeing Act would set the first legal commitment to the recovery of nature in a generation. It would recognise that real improvements in the quality of life for people across England can be secured by working with, and increasing, nature.

### **A nature and wellbeing act Richard Benwell Donal McCarthy ...**

The Nature and Wellbeing Act was a proposed piece of legislation to bring about the recovery of nature in a generation, for the benefit of people and wildlife. Drafted by The Wildlife Trusts and the RSPB, and supported by over 20 partner organisations, we ran a joint public campaign asking politicians to Act for Nature. Over 9,000 people contacted their MPs about the Act (including every MP in ...

### **Act for nature | The Wildlife Trusts**

A Nature and Wellbeing Act would include a government commitment to nature's recovery within a generation (like another recent Act with a big ambition for positive environmental change - the Climate Change Act). Our proposals include restoring 80% of our finest wildlife havens (SSSIs) to a
