

A User S Guide To The View Camera

A User S Guide To

User's guide: A guide belonging to one user. Users' guide: A guide belonging to all the users. I'd be inclined to use the first sense rather than the second sense, since the "one" user is really an abstract representation of all the users anyway. A helpful way to think about this is to substitute the word "owner".

Wireshark User's Guide

A user guide or user's guide, also commonly known as a manual, is a technical communication document intended to give assistance to people using a particular system. It is usually written by a technical writer, although user guides are written by programmers, product or project managers, or other technical staff, particularly in smaller companies.
