Court Challenges to the AMA Guides Recent Decisions: In June 2017, the Pennsylvania Supreme Court ruled in *Protz v. Workers Compensation Appeals Board*, that use of the "most recent edition" of the AMA Guides was an unconstitutional delegation of legislative authority because it gave the AMA "unfettered discretion over Pennsylvania's impairment rating methodology."

Court Case Update - January 2018

Background Generalized anxiety disorder (GAD) is one of the most common mental disorders; however, there is no brief clinical measure for assessing GAD. The objective of this study was to develop a brief self-report scale to identify probable cases of GAD and evaluate its reliability and validity.

A Brief Measure for Assessing Generalized Anxiety Disorder ...

INTRODUCTION. Disability evaluation is an important aspect of clinical care. Accurate evaluation significantly affects the wellbeing of both patients and society, given the impact of disability status on financial remuneration, return to work, personal and workplace productivity, and access for existing and future health care needs.

The court went on to cite an ABC News/Washington Post poll as well as a 2016 EEOC Select Task Force report which indicated that the majority of women who experienced harassment at work never reported it or filed a complaint. What Should You Do? In light of this court decision, employers will not be able to simply rely upon an anti-harassment policy and a victim's significant delay in ...

Needs Assessment: Recent research advances have raised the potential for clinical application of biomarkers in psychiatric care. It is important for clinicians to understand not only the benefits that biomarkers may bring to practice, but also the needed scientific hurdles these advances should clear before they can be embraced by the field.

Drop the Sugar, Boost Your Health. When it comes to health, refined sugar seems to be the new "cigarette". We all thought it was just fine for us for years to consume a moderate level of refined sugar, just as, back in the '40s and 50's advertising had us believe that smoking was non-health threatening.

Dr. Leonard Coldwell.com - Welcome! To the solutions! : Dr ...

ARTICLE SUMMARY. Vitamin D blood testing and oral supplementation have become an almost routine part of conventional medical care. Unfortunately, the results of a vitamin D blood test do not always reflect the true picture of an individual's vitamin D status, and whether or not supplementation is warranted and in what amount.
