Ok, so I have to be honest here. I LOVE this shop and ALL the patterns. This was my first but I have about 100 saved favorites and let's just say, I'm planning a trip to a deserted island where I can do nothing but stitch these wonderful patterns with their well thought out designs and instructions.

Now that April is here, I thought I'd have a look back at some of the goings on around here during March. We had our last weekend stay at the beach early in the month and what a contrast in the temperature compared to our last stay there back in February - quite chilly overnight and then first thing in the morning, and there was definitely no way I was going in the water this time!

Weaving is a method of textile production in which two distinct sets of yarns or threads are interlaced at right angles to form a fabric or cloth. Other methods are knitting, crocheting, felting, and braiding or plaiting. The longitudinal threads are called the warp and the lateral threads are the weft or filling. (Weft is an old English word meaning "that which is woven"; compare leave and left.
