An Encyclopaedia of Architecture: Historical, Theoretical ...

System architecture. An architecture description is a formal description and representation of a system, organized in a way that supports reasoning about the structures and behaviors of the system. A system architecture can comprise system components that will work together to implement the overall system.

Architecture - Wikipedia

African architecture, the architecture of Africa, particularly of sub-Saharan Africa. In North Africa, where Islam and Christianity had a significant influence, architecture predominates among the visual arts. Included here are the magnificent mosques built of mud in Djenné and Mopti in Mali, the rock-hewn churches of Ethiopia, and the Islamic monuments of coastal eastern Africa.

Philosophy of Architecture photo by David Ohmer. The relation between philosophy and architecture is interrogative and propositional. It is about asking questions concerning the meaning of human habitation—what it means to live in built environs—and about evaluating plans and design projects where human flourishing and social progress can best occur—in what kinds of buildings, interior ...
