An Introduction to Parapsychology, 5th ed. It outlines the origins of parapsychological research and critically reviews investigations of extrasensory perception, psychokinesis, poltergeist phenomena, near-death and out-of-body experiences, and the evaluation of parapsychology as a scientific enterprise.

An Introduction to Parapsychology, 5th ed. - Harvey J ...

An Introduction to Parapsychology is an up-to-date and authoritative account of the field by two important contributors. My criticisms of the volume are mild. At times I found the language unnecessarily convoluted and in one case even offensive (referring to nontechnological societies as "primitive").
