Anthropology | Definition of Anthropology by Merriam-Webster

Anthropology is the scientific study of humans, human behavior and societies in the past and present. Social anthropology studies patterns of behaviour and cultural anthropology studies cultural meaning, including norms and values. Linguistic anthropology studies how language influences social life. Biological or physical anthropology studies the biological development of humans.

Anthropology - Wikipedia

Upon initial reading, the word anthropology is deceptively simple, representing only the study of humanity. Within this broad definition, however, is contained a multitude of inter-related approaches to understanding human beings merged within a single discipline.
