Every designer has had to justify designs to non-designers, yet most lack the ability to explain themselves in a way that is compelling and fosters agreement. The ability to effectively articulate design decisions is critical to the success of a project, because the most articulate person often

Download eBook - Articulating Design Decisions ...

Articulating Design Decisions is a must have book for anyone in the creative field, I'd even argue that people who are solely developers, and rarely touch designs should read it too. Tom has done an excellent job in tackling the issues that we all face when explaining our choices to our clients and the rest of the team.
