Announcing TinyGPS++. Today we're happy to announce TinyGPS++, a completely new rethinking of TinyGPS, our popular Arduino NMEA (GPS) parsing library.. NMEA defines how most GPS receivers talk. When GPS is properly connected to a host controller like Arduino, it sends a never-ending stream of characters, grouped into human-readable clumps called "sentences":

5. Aviation: In the airplanes, these sensors are needed to maintain a balance between the atmospheric pressure and the control systems of the airplanes. This not only protects the circuitry and various internal components of the airplane but also gives exact data to the system about the external environment.

Pressure Sensors: Working Principle & Types of Pressure Sensor

Overview. EnviroDIY is a community sharing do-it-yourself ideas for environmental science and monitoring. Our vision is that the sharing of ideas and experiences by the EnviroDIY community will result in open-source hardware and software solutions for observing our environment that are low cost, easy to learn, and easy to use.

When I first joined the Raspberry Pi Foundation, over a year ago now, one of my first assignments was to build a weather station around the Raspberry Pi. Thanks to our friends at Oracle (the large US database company), the Foundation received a grant not only to design and build a Raspberry Pi weather station [...]

Raspberry Pi Weather Station for schools - Raspberry Pi

We have seen a huge amount of excitement from hobbyists, students and scientists around building a DIY weather station to track what is going on around us on Planet Earth on a daily basis.

We have seen just as much excitement around the BBC's newly released micro:bit, which made its debut in the ...

A collection of technical case studies with architecture diagrams, value stream mapping examples, code, and other artifacts coupled with step by step details and learning resources. The stories showcase how Microsoft, customers, and partners are building solutions utilizing Microsoft and open source technologies to solve real world business challenges that cover small to large enterprises of ...

Microsoft Technical Case Studies | A collection of ...

Way back in 2007 I had a new boiler and central heating system installed. I chose the Worcester-Bosch Greenstar 30CDi combi-boiler as the heart of the system since the manufacturer has a very good reputation for reliability and efficiency.. This boiler has various control systems that can be used to operate the heating and direct hot water. I selected the DT10RF Optimising Digistat since ...
