### **Australia's nine most influential female entrepreneurs 2018**

Being an entrepreneur is a difficult career path for anyone, but there's a lot of evidence showing that it's even harder for women.. In 2014, only 19% of Australian startups were founded by women.. We've got a long way to go to reaching gender parity in the Australian startup ecosystem, particularly in the technology sector, but there are many inspiring women leading the charge.
