Furthermore, it emphasizes the inherent risks for data subjects linked to the processing of personal data. The GDPR is changing the game in that regard as all member states, and companies operating in these countries and all companies processing European citizens' personal data, will have to adhere to this law and protect data subjects' rights.

### **Be ready for the GDPR - World line**

GDPR is designed to protect the privacy of EU citizens and workers. It will roll out officially on May 25, 2018, and will impact any U.S. based organization that processes personal data for anyone located in the EU. If your organization only has offices in the U.S., you might assume that GDPR doesn't apply to you.
