I cannot say I don't like this book because I really loved Beautiful Disaster. Unfortunately, I make the mistake of re-reading BD the day before this book's release, and it is as if the author simply went through her manuscript and changed the expository writing from Abby's view to Travis' and all of the dialogue is the exact same, with the exception of a few new scenes involving Travis in ...

"Beautiful Girls" is the debut single by reggae-influenced musician Sean Kingston from his eponymous debut; it was first released in 2007. The song samples Ben E. King's classic "Stand by Me". The song is about a boy who is suicidal (or rather "in denial" in the edited version) over the failure of his relationship with a "beautiful girl". It is Kingston's signature song.

Nuclear winter is the severe and prolonged global climatic cooling effect hypothesized to occur after widespread firestorms following a nuclear war. The hypothesis is based on the fact that such fires can inject soot into the stratosphere, where it can block some direct sunlight from reaching the surface of the Earth. It is speculated that the resulting cooling would lead to widespread crop ...

I recently attended the Banff mountain film festival in Canada. One of the key speakers was Simone Moro, the close friend of Anatoli Boukreev, the climber who was killed in an avalanche several years ago on Annapurna and whom Krakauer pretty much vilifies in this book as not having done enough to save the lives of those caught in the blizzard on Mount Everest in May of 1996.
