Brighten your home cinema experience with the 3,400 lumen Full HD 1080p Optoma HD27e projector. Its packed with features, including Reference display mode with full REC.709 color and 25,000:1 contrast ratio for rich cinematic visuals perfect for movies, gaming or sports with friends and family.

### **Optoma HD27e 3400 Lumens 1080p Home Theater Projector**

Problem #2: My projector is getting too hot after replacing the lamp Solution: Clean your air filters and ventilation holes. The main reason a projector starts to heat up is because the air filters or ventilation holes are clogged with dust or other debris.

### **common projector problems - Fix Your DLP**

Wireless Projectors. Wireless projectors allow you to display the data and video on your computer, tablet or receiver without running a single wire. (Well, you do have to plug the projector in.) Now you can project documents, presentation and video in real time from a source as far as 100 feet away.

### **Projector People : Wireless Projectors**

Product Description. Convenient and easy to setup the bright and versatile HD143X boasts impressive colour technology and conforms to Rec. 709 delivering accurate true to life colour reproduction. This small projector is suitable for watching live sport, TV shows or movies any time of day on a big screen. You can even connect your games console and play games on it with its low input latency.

### **Optoma HD143X HDMI 3000 ANSI Lumens Projector - Black ...**

Solution 1: Check the video input settings on the external screen. If you've connected your Surface to a second screen and you don't see video output from your Surface, the problem may be with the source selection or video input settings on the second screen.

### **Trouble connecting Surface to a second screen?**
