I'm just now reading Beowulf for the first time, and I really appreciate the straightforwardness of your translation. The poem just wonderfully moves along with terrific transitions. on November 11, 2011 at 3:17 pm | Reply ingeld

Beowulf: A Translation and Commentary was released in 2014. It contains a translation of the poem Beowulf (dating back more than a 100 years) from Old English to Modern English together with an extensive commentary. J.R.R. Tolkien wrote the translation in 1920-1926, but it was not published until the son Christopher edited this volume.

### **Beowulf: A Translation and Commentary | Tolkien Read Through**

Reading Tolkien's commentary on his translation of Beowulf... studying each Old English word, trying to figure out which modern word it has become. How wylmas, meaning hot upswelling surges, seems to be related to well (to well up) and whelm (overwhelmed).

Then in the strongholds was Beowulf the beloved king of his people, his fame lasted a long time - his noble father having turned elsewhere [dead] - until he had his own son, noble Healfdene who ruled while he lived, aged and fierce in battle, [the] gracious Syldings. So, we have Beowulf taking up where Scyld left off. The is the curious phrase:

His translation of Beowulf came out right around the time that I studied the poem and the Old English language for the first time at UCSB with Carol Pasternack (I would later go through Beowulf again with the late Nicholas Howe at Berkeley). I believe this was my first encounter with Heaney, and have enjoyed digging into his poetry every now and then over the last decade.

### **Old English | Beowulf Translation**

My favorite work of fiction is the ancient English tale Beowulf - considered to be the oldest surviving English poem. Since first being exposed to this fascinating and rich narrative, I have enjoyed reading various translations and interpretations of the poem. More recently I read Dick Ringler's translation of Beowulf and consider it to be...

Welcome to A Blogger's Beowulf! Here you'll find my translation of the Old English epic in it's entirety. In fact, here you'll find two versions of this translation. The first is one that includes commentary on certain passages and words, and the second is a straightforward poetic translation of the original.

Beowulf. Translation by Stephen Mitchell. Book Review. Hrothgar's mead hall and palace, Heorot, has been attacked by a monster called Grendel. Beowulf slays Grendel, but then has to contend with Grendel's mother who attacks the hall in revenge. She is defeated after Beowulf dives into the murky depths of a lake at the bottom of which is her lair.

J. R. R. Tolkien did not prepare his translation of Beowulf for publication so we can safely assume, I think, that it is not in the form he would have wished. Even so, it is a powerful work of art, rhythmic and sonorous, and (from what I can tell) adhering closely in meaning to the original, so that readers unfamiliar with Old English feel they ...

Beowulf visits the Danish kingdom, where he eyeballs the queen (Robin Wright Penn) and promises to fight Grendel for the king (Anthony Hopkins). In between intimations of court intrigue, the rest of the characters do what they almost always do in movies set in Ancient Times, namely grunt, shout and eat with their mouths open.
