Hu, Bioseparations - Downstream ... effluent yields and purities for equipment and processes used in bioseparations; and. design separation sequences for biological recovery problems. ... For graphical solutions, use graph paper. Label the axes of your graph and include units.

BIOE 462/BIOE 562 Bioseparations - Oregon State University

Abstract. In this chapter, theories for deadend microfiltration are presented. The first part of the chapter focuses on the sieving or surface filtration mechanism, which is dominant when the particles are physically too large to pass through the pores of the filter medium.
