

## *Boeing Live Animal Guidelines*

### **Boeing Live Animal Guidelines**

A preliminary animal carriage calculation (based on past in-service experience) should be performed to predict the compartment temperature, humidity, and CO 2 prior to animal shipment. If the compartment temperature, relative humidity, and CO 2 are beyond the recommended level for the specific animal after following the general guidance below, the number of animals to be transported should be ...

Veganism is the practice of abstaining from the use of animal products, particularly in diet, and an associated philosophy that rejects the commodity status of animals. A follower of the diet or the philosophy is known as a vegan (/ ' v i : g ə n / VEE-gən). Distinctions may be made between several categories of veganism. Dietary vegans (or strict vegetarians) refrain from consuming animal ...
