Getty Images / Hero Images By defining who your brand is you create the foundation upon which all other components are built on. Your brand definition serves as your measuring stick in evaluating any and all marketing materials and strategies—from what your office looks like to what your ad says to the color and font of your business cards to the design of your website.

7 Steps for Creating Your Brand Strategy

Personal branding is the practice of people marketing themselves and their careers as brands. While previous self-help management techniques were about self-improvement, the personal-branding concept suggests instead that success comes from self-packaging. The term is thought to have been first used and discussed in a 1997 article by Tom Peters. ...
