**Lucas CAV B55 / BS6 / U6 / SP6 | Heritage Rotating Electrics**  
Hi All, I have only ever seen 12 and 13 teeth bronze pinions for the CAV B55 12V starter, not saying there is not 10 and 11, but I have never seen one, there was a comment above about left or right hand ring gear, this I would understand if there was a chamfer but there is non, and nobody has yet added a reasoned response to the CAV manual statement that 'a cast iron ring gear' has no chamfer ...

**B55 starter issues - Gardner - Canal World**  
starter and pull out the pinion as you rotate it,this will tell you if its seized or not,these starters were used . on P6's as well GY Auto Electrics in Great Yarmouth did a rebuild on one a few years back the engine was in an . old wooden boat that was in for a full refit,if you get stuck I will give you their address,cheaper to box it up

Yes, CAV B55 units. Why do you have two? surely not a dual starter arrangement with that size of engine? If you look at the starter with the terminals facing you, and the main body and pinion to your left, then connecting the two big terminals to your battery and then shorting the small terminal to the top terminal should set things in motion.
