Behind every traditional type of cheese there is a fascinating story. By examining the role of the cheesemaker throughout world history and by understanding a few basic principles of cheese science and technology

Cheese and Culture: A History of Cheese and its Place in ...

Cheese and Culture is a book about the history of cheese in the West. The overall tone of the book is a little dry (I know) and it reads like someones thesis. However, I like cheese so I stuck it out. The first part has a bizarre amount of biblical references.
