### **Chinas Soft Power And International**

A country's soft power is heavily dependent upon its global image and international prestige. In the case of China, the central government has developed top-down strategies for enhancing China's soft power, which in conjunction with public diplomacy, are designed to cultivate a positive international image of China.

### **Is China's soft power strategy working? | ChinaPower Project**

But just as China's economic and military power is far from matching that of the U.S., China's soft power still has a long way to go. China does not have cultural industries like Hollywood, and its universities are far from the equal of America's. It lacks the many non-governmental organizations that generate much of America's soft power.
