Citrix Cloud is a platform that hosts and administers Citrix services. It connects to your resources through the Citrix Cloud Connector on any cloud or infrastructure you choose (on-premises, public cloud, private cloud, or hybrid cloud). It allows you to create, manage, and deploy workspaces with apps and data to your end-users from a single console.

Citrix Cloud

At Core, our goal is to make sure you have the training and tools required to do your job and advance your career! We're here to help, whether you're looking to master a new technology or obtain the knowledge required for a technology/industry certification.
