These tables show where recently enacted laws will appear in the United States Code and which sections of the Code have been amended by those laws.

UNITED STATES CODE CLASSIFICATION TABLES

Chris Bosh NBA All-Star, Miami Heat Coding is very important when you think about the future, where everything is going. With more phones and tablets and computers being made, and more people having access to every thing and information being shared, I think it's very important to be able to learn the language of coding and programming.

A building code (also building control or building regulations) is a set of rules that specify the standards for constructed objects such as buildings and nonbuilding structures. Buildings must conform to the code to obtain planning permission, usually from a local council. The main purpose of building codes is to protect public health, safety and general welfare as they relate to the ...
