(PDF) Constructive Theology: A Contemporary Approach to ...

Constructive theology is the redefinition or reconceptualization of what historically has been known as systematic theology. The reason for this reevaluation stems from the idea that, in systematic theology, the theologian attempts to develop a coherent theory running through the various doctrines within the tradition. A potential problem underlying such study is that in constructing a system of theology, certain elements may be "forced" into a presupposed structure, or left out ...

Each chapter of "Constructive Theology" begins by looking over historical approaches to historical and contemporary themes in theology. These historical approaches include some foundational thinkers of the Christian faith. The remainder of the book speaks more to the authors' social and political agendas than theology.

then sketch the outlines of a constructive theology of the diaconate that attempts to meet the four criteria I just mentioned. Part One: Inadequate Approaches to a Theology of the Diaconate Contemporary pastoral practice, current diaconal formation programs and recent

"Towards a Contemporary Theology of the Diaconate"

In this comprehensive volume Thomas N. Finger takes on the formidable task of making explicit the often implicit theology of the Anabaptist movement and then presenting, for the sake of the welfare of the whole contemporary Christian church, his own constructive theology. In the first part Finger tells the story of the development of Anabaptist thought, helping the reader grasp both the ...
