### **ISO 9001:2015—Establishing the Context of the Organization**

Context of the organization is a new requirement in ISO 9001, stating an organization must consider both the internal and external issues that can impact its strategic objectives and the planning of the QMS. It pretty much changes the concept and application of clause 4, and requirements regarding the context of the organization do sound a little bit vague, so what does this clause actually ...
