Kaylee Capshaw needed a new life. Which was why she was steadfastly avoiding the sound of her phone vibrating in her purse while the man across from her at the beautifully appointed dinner table continued to talk, oblivious to the internal war raging inside of her. Do not look at your phone. The stern internal [...]

It's one of the most famous gunfights in American history. It's in basically half of all Western movies ever made. It's a shootout that defined the American Wild West, a frontier of open country with, like, way more outlaws than lawmen, which pretty much made it like living in Grand Theft Auto. More importantly, though, it was a shootout of epic mustaches.

Westerns are the major defining genre of the American film industry, a nostalgic eulogy to the early days of the expansive, untamed American frontier (the borderline between civilization and the wilderness). They are one of the oldest, most enduring and flexible genres and one of the most characteristically American genres in their mythic origins.
