Culture is a word for the 'way of life' of groups of people, meaning the way they do things. Different groups may have different cultures. A culture is passed on to the next generation by learning, whereas genetics are passed on by heredity. Culture is seen in people's writing, religion, music, clothes, cooking, and in what they do.. The concept of culture is very complicated, and the word has ...

The theory of Hofstede's cultural dimensions constitutes a framework revolving around cross-cultural communication, which was devised by Geert Hofstede. The dimensions collectively portray the impact of the culture ingrained in society on the values of the members of that society. They also describe the relationship between these values and behavior, with the help of a structure based on ...
