Democracy in Translation. Elections, he argues, often have cultural underpinnings that are invisible to outsiders. To examine grassroots understandings of democratic institutions and political concepts, Schaffer conducted fieldwork in Senegal, a mostly Islamic and agrarian country with a long history of electoral politics.

Western lenders and aid donors have often pressured African countries to adopt multiparty systems in the belief that democracy produces governments more accountable to their citizens. This probing and highly original study suggests the fallacy of this approach. The author's research on voter attitudes, behavior, and language in Senegal reveals an altogether different reality.

Democracy in Translation. Many Senegalese see voting as less a matter of choosing leaders than of reinforcing community ties that may be called upon in times of crisis. By looking carefully at language, Schaffer demonstrates that institutional arrangements do not necessarily carry the same meaning in different cultural contexts.

Democracy in Translation asks how social scientists should investigate the functioning of

democratic institutions in cultures dissimilar from their own, and raises larger issues about the nature of democracy, the universality of democratic ideals, and the practice of cross-cultural research.
