I joined Stephens drum shed just under two weeks ago as a complete beginner. After only a few live lessons I was playing Linear grooves, Rock and Funk...what I thought would take me months to learn, was taught to me by an incredible teacher who broke everything down into small sections so I could really understand what was going on!

The drum is a member of the percussion group of musical instruments. In the Hornbostel-Sachs classification system, it is a membranophone. Drums consist of at least one membrane, called a drumhead or drum skin, that is stretched over a shell and struck, either directly with the player's hands, or with a percussion mallet, to produce sound. There is usually a resonance head on the underside of ...
