### **Epic HAIKU/CANTO Installation - Froedtert Hospital**

Your organization can have the most well-crafted privacy and security policies in the world. But if those policies are accompanied by lukewarm emphasis and no accountability, or your staff just downright ignores them, you have a big security problem -- just like the folks at one Ohio-based health system did last week.

### **Employee sacked after snooping patient EMR records ...**

Epic Systems is a major provider of electronic health records software for large and medium-sized organizations. They were founded in 1979 by Judy Faulkner, who continues to lead the company.
