The Bell AH-1 SuperCobra is a twin-engine attack helicopter based on the United States Army's single-engine AH-1 Cobra. The twin Cobra family, itself part of the larger Huey family, includes the AH-1J SeaCobra, the AH-1T Improved SeaCobra, and the AH-1W SuperCobra. The AH-1W, the backbone of the United States Marine Corps's attack helicopter fleet for decades, is being replaced by the next ...

### **Bell AH-1 SuperCobra - Wikipedia**

Closely related with the development of the Bell AH-1 "Cobra" is the story of the Bell UH-1 "Iroquois" predecessor of the modern helicopter, icon of the Vietnam War and still one of the most numerous helicopter types in service today.

The Bell 412EPI is as versatile as your daily requirements. As one of the roomiest, most flexible and cost-effective aircraft on the market, the Bell 412EPI can be configured to an airborne command center, an air ambulance platform, special operations or a homeland security base.

### **Bell 412EPI - Bell**

The Bell 206 is a family of two-bladed, single- and twin-engined helicopters, manufactured by Bell Helicopter at its Mirabel, Quebec, plant. Originally developed as the Bell YOH-4 for the United States Army's Light Observation Helicopter program, it was not selected by the Army. Bell redesigned the airframe and successfully marketed the aircraft commercially as the five-place Bell 206A JetRanger.

### **Bell 206 - Wikipedia**

The Army's aircraft enable our soldiers to carry out vital roles including reconnaissance missions and casualty evacuations, as well as troop transport and high-tech, anti-tank combat. The Apache attack helicopter is probably the most sophisticated piece of equipment in the world available to front-line troops.

White Smoke - white smoke means that the fuel that is being injected into the combustion chamber is not being burned properly. The common causes that produce white smoke range from something as simple as low engine compression or water in the fuel to the fuel pump timing being thrown off because something is starving the fuel from getting to the pump in the manner necessary for the pump to time ...
