The following outline is provided as an overview of and topical guide to machine learning. Machine learning is a subfield of soft computing within computer science that evolved from the study of pattern recognition and computational learning theory in artificial intelligence. In 1959, Arthur Samuel defined machine learning as a "field of study that gives computers the ability to learn without ...

Paris' public transport operator has ordered up to 800 electric buses to take to the streets of the French capital to replace diesel versions and fight smog in the build up to the 2024 Olympics.. Three French engineering firms — Heuliez Bus, Bollore and Alstom — won the tender to supply the buses in deals worth up to 400 million euros (\$450 million), the transport operator RATP said.
