European Union*

Eu Law The Essential Guide

This guide explains key elements of EU law and their history. It accompanies the detailed guide 'Review of the balance of competences'.

EU law and the balance of competences: A short guide and ...

European Union law is the system of laws operating within the member states of the European Union. The EU has political institutions and social and economic policies. According to its Court of Justice, the EU represents "a new legal order of international law". The EU's legal foundations are the Treaty on European Union and the Treaty on the Functioning of the European Union, unanimously agreed ...

Competition law - the basics

Let's be clear, nationalisation is NOT against EU law. Sorry Nigel but EU law will not prohibit a properly handled nationalisation of energy utilities, writes Sam Fowles

Let's be clear, nationalisation is NOT against EU law ...

What counts as consent? To be valid, consent must be freely given, specific and informed. It must involve some form of unambiguous positive action - for example, ticking a box or clicking a link - and the person must fully understand that they are giving you consent.

Law school rankings are often a key determinant for deciding on an LL.M. program. Outlets like USNews and The Guardian regularly publish rankings of law schools.. Keep in mind that many of these rankings do not directly rank LL.M. programs, instead focusing on the law schools themselves or their undergraduate programs.

EN-1 At present, there are two contrasting conflict of law theories as regards the recognition of foreign legal persons: the 'incorporation' theory and the 'real seat' theory.

At present, there are two contrasting conflict of law ...

The EU's new General Data Protection Regulation (GDPR) is coming into effect on 25 May 2018 and will have wide-ranging consequences on a global scale, affecting all businesses that trade with the European Union, from within or outside its borders. From among non-EU countries, US businesses in particular have been actively taking steps to ensure that they comply with the new regulation.

EU vs US: How Do Their Data Privacy Regulations Square Off?

The General Data Protection Regulation was first proposed in 2012, and what followed was four years of discussions, debates, and amendments, with the regulation finally adopted by the European Parliament in 2016. Countries, companies, and organisations were given two years to comply, with the regulation being enforced from 25 May 2018. What originally seemed like a reasonable amount of time to ...
