Everything You Know about CSS is Wrong ... - amazon.com

Actually, everything you know about CSS might be alright. The title is deceptive. And so is the dated content. The author brings forward a grid design. Quite lame and dated even for the publishing date. And the author spends the rest of the book giving you a step by step tutorial on how to do that. Nothing more. Nothing less.

Everything You Know about CSS Is Wrong! by Rachel Andrew

You've heard the buzz about the separation of style from content, but you are stuck in the world of nested tables and deprecated markup. If so, you have come to the right place! Using CSS to style your (X)HTML files, will benefit you and your visitors in many ways.
