The Molecular Expressions website features hundreds of photomicrographs (photographs through the microscope) of everything from superconductors, gemstones, and high-tech materials to ice cream and beer.

Molecular Expressions: Images from the Microscope

It is the combination of all the 3 sciences and every Data Science project involves using them to attain the results required. By combining aspects of statistics, computer science, applied mathematics and visualization, data science can turn the vast amounts of data the digital age generates into new insights and new knowledge.

What is data science? - Quora

Several journalists have reported their Samsung Galaxy Fold review unit's screen breaking after a day or two of use — Yikes — Look closely at the picture above, and you can see a small bulge right on the crease of my Galaxy Fold review unit. It's just enough to slightly distort the screen, and I ...

High/Scope Educational Approach: Theory & Curriculum Model

What an image classifying network does is that it transforms an image in pixel-space to increasingly high-level concept space. So, an image of a car that's represented as RGB values will start getting represented in space of edges in the first layer, and then in the space of circles and basic shapes in the second layer and in the pre-final layer, it'll start getting represented in high ...
