### **B737 V3. CDU's Manual - opencockpits.com**

To follow real world procedures a pilot needs an FMC that is usually included in high-end payware  
add-ons. Unfortunately for general aviation pilots - there are no GA planes equipped with a GPS  
that can be updated with the current air routes, waypoints and procedures.

Excerpt from FMC User's Guide detailing holding at a distant waypoint. Every page and field you  
find in the FMC is explained in great detail. Usage steps are laid out with graphical and textual  
examples. Everything from using conditional waypoints to performance calculations, from  
forecasting to engine out procedures, this book describes it all.
