H. pylori In Part III we looked at the possible relationship between H. pylori and GERD. While I think it's a contributing factor in some cases, the question of whether and how to treat it is less clear. There is some evidence that H. pylori is a normal resident on the human digestive tract, and even plays some protective and health-promoting roles. If this is true, complete eradication of H ...

Iron Disorders Institute:: Iron Deficiency

Heartburn and GERD Are No Joke. According to the National Institute of Diabetes and Kidney Digestive Diseases, sixty million people experience heartburn at least once a month and twenty five million experience symptoms daily. Gastroesophageal Reflux Disease (GERD), a more serious form of acid reflux, is the most common digestive disorder in the United States.
