Science Buddies' eighth grade science projects are the perfect way for eighth grade students to have fun exploring science, technology, engineering, and math (STEM).

Eighth Grade Science Projects - Science Buddies

Science experiments are an effective way to get kids interested in science and keep them engaged in the learning process. Fourth graders are just beginning to take themselves seriously as scholars.

Easy Fourth Grade Science Experiments | Sciencing

Why do objects like wood float in water? Does it depend on size? Create a custom object to explore the effects of mass and volume on density. Can you discover the relationship? Use the scale to measure the mass of an object, then hold the object under water to measure its volume. Can you identify all the mystery objects?

Density - Mass | Volume - PhET Interactive Simulations

Buoyancy Formula Questions: 1) A golden crown has been placed in a tub of water. The volume of water displaced is measured to be 1.50 liters. The density of water is 1000 kg/m³, or 1.000 kg/L. What is the buoyant force acting on the crown?

Buoyancy Formula - Softschools.com

The secondary science program is guided by the vision that all students have the opportunity to develop scientific literacy. The goal of scientific literacy is to develop the science-related knowledge, skills and attitudes that students need to solve problems and make decisions, and at the same time help them become lifelong learners - maintaining their sense of wonder about the world around them.

Program of Study - LearnAlberta.ca

Children investigate shadows indoors and outside to develop their understanding of the sun as a light source and how it's apparent motion across the sky changes the size and direction of the shadows formed.

Shadows & Light Theme - Lesson Plans, Thematic Units ...

Activities for ages 3 to 8. There are so many kids' science experiments you can do at home. From learning about how clouds rain to making sun-dried raisins, this list of 20 favorite science activities promises to be fun for kids AND grown ups.
