Better hope the student whose email you just published doesn't read this blog. Good points here but apart from the fact that tht particular message has nothing to do with the rest of the article, remember that 1, people have mental breakdowns for being exposed in the media, even when their names aren't published, and 2, as easy as it is to forget after a decade as a professional, that is NOT ...

Professors' Pet Peeves - Sociological Images

The culture of South Africa is known for its ethnic and cultural diversity. The South African majority still has a substantial number of rural inhabitants who lead largely impoverished lives. It is among these people, however, that cultural traditions survive most strongly; as South Africans have become increasingly urbanized and Westernised, aspects of traditional culture have declined.
