Habitus and Drug Using Environments is a hard-read but an important book. Research within this tradition has tended to either emphasize the perspective of 'the system' (the dominant approach) or the perspective of the drug users (naturalistic ethnography). Parkin manages to balance these two and offers a comprehensive picture of the popu ...

Parkin: Habitus and Drug Using Environments. Health, place ...

Stephen Parkin's new book, Habitus and Drug Using Environments, furnishes a unique perspective on injecting drug use in the UK. He is concerned with such spaces as 'public toilets, parking lots, derelict buildings, secluded stairwells, rooftops and doorways', which are almost always, he contends, 'hidden in open view' (p. 1).
