"Wyman's passionate and thoughtful study is an important contribution to the social history of western mining. Hard Rock Epic is also a significant addition to the literature on the process of industrialization. It amply demonstrates that no group in the American West was so deeply affected by the Industrial Revolution as the hard rock miners."

Western Federation Of Miners | Encyclopedia.com

The Coeur d'Alene, Idaho, labor strike of 1892 erupted in violence when labor union miners discovered they had been infiltrated by a Pinkerton agent who had routinely provided union information to the mine owners. The response to that violence, disastrous for the local miners' union, became the primary motivation for the formation of the Western Federation of Miners (WFM) the following year.
