The Harley-Davidson Ironhead motor is the main reason for the enduring success of the Sportster. Considered by many Sportster purists as the last real Harley engine, the Ironhead is the throbbing powerhouse that lends heart and soul to a long line of Sportsters produced from 1957 to 1985.

### **Ironhead Motor Specifications | It Still Runs**

When the first Sportsters rolled out of the Harley-Davidson factory in 1957, they were powered by the iconic 'ironhead' motor—which would remain in production until 1985. The Sportster is still in production 60 years later, and the ironhead has the longest production history of any Sportster engine.
