Informed Consent Essay: Ethical principles of gaining informed consent "Respect for human beings involves giving due scope to peoples capacity to make their own decisions. In the research context, this normally requires that participation be the result of a choice made by the participants" (NHMR, 2007, p.3).

I gave a talk last night at the Commonwealth Club in San Francisco about science publishing and PLoS. There will be an audio link soon, but, for the first time in my life, I actually gave the talk (largely) from prepared remarks, so I thought I'd post it here.

The Past, Present and Future of Scholarly Publishing

This is a list of Ig Nobel Prize winners from 1991 to the present day.. A parody of the Nobel Prizes, the Ig Nobel Prizes are awarded each year in mid-September, around the time the recipients of the genuine Nobel Prizes are announced, for ten achievements that "first make people laugh, and then make them think". Commenting on the 2006 awards, Marc Abrahams, editor of *Annals of Improbable ...*

Many people took My IRB Nightmare as an opportunity to share their own IRB stories. From an emergency medicine doctor, via my inbox: Thanks for the great post about IRBs. I lived the same absurd nightmare in 2015-2016, as an attending, and it's amazing how your experience matches my own, despite my being in Canada.

Kalendarium - Uppsala universitet

A variant of the same cipher was also found in Møre in Norway during the 19th century. According to an article in the Norwegian Agricultural Bulletin in 1811, it was referred to as "the Møre alphabet" and would have been used in the area for at least half a century. Even the Icelanders who collected information on different types of runic alphabets in the 19th century recorded this ...
