Start by making a origami tulip blossom. Fold the paper in half diagonally to form the triangle (colored side of paper on the outside). Fold in half again, just to make the crease right down the middle of your triangle and unfold. Grab one corner, we'll start with the right one, and fold it upwards, not right to the center but at a slight angle.

### **How to Make Origami Flowers - Origami Tulip Tutorial with ...**

The origami models shown here are 2D models. They are easier than 3D models in folding and this is the reason why they are called easy origami models. It is recommended to try these models first and be comfortable with basic folding techniques if you are novice in origami.
