Corpse paint or corpsepaint is a style of black and white makeup used by black metal bands for concerts and band photos. The makeup is used to make the musicians appear inhuman, corpse-like, or demonic, and is perhaps "the most identifiable aspect of the black metal aesthetic." Corpse paint typically involves making the face and neck white and making the area around the eyes and lips black.

Corpse paint - Wikipedia

I have worked with oil paint for quite a while now. Although I like doing so, the one frustration I have is the long dry time. There are a lot of variables that you need to take into account for the dry time, some of which include: Atmospheric conditions. Color and quality of the paints. The mediums ...
