How to Think Like a Great Graphic Designer: Debbie Millman ...
You've probably heard the expression "think like a programmer." This means having the ability to see a challenge from one angle, then being able to take a step back and look at the same challenge from an alternative perspective. Do this over and over again until you find a solution. Let's take a common scenario.

Learning to Code: How to Think Like a Programmer
To think like a leader is to design a blueprint for success that is cyclical, dynamic, and able to change in time with the reality of the school environment. A blueprint for success is not a strategic plan that sits in a binder on the shelf. Rather, it is a process whereby a leader thinks though all the steps and plans an effective ...
