This document contains information on the capabilities that are supported on printer hardware from Konica Minolta and Minolta-QMS. It also indicates whether each printer model is likely to work when printing from the IBM Power Systems using LPR, PJJ, SNMP, IPP, or a PC5250 printer session.

Information on Printers from Konica Minolta and Minolta-QMS

When you change your passwords in the security tab, there are two sections, one above and one below. I think the common mistake here is that others try to log-in with the account they have set "below" the one used for htaccess, whereas they should log in to the password they set on the above section.
