Individualism In Modern Thought From

Individualism is the moral stance, political philosophy, ideology, or social outlook that emphasizes the moral worth of the individual. Individualists promote the exercise of one's goals and desires and so value independence and self-reliance and advocate that interests of the individual should achieve precedence over the state or a social group, while opposing external interference upon one's ...

Individualism - Wikipedia

Individualism once exhibited interesting national variations, but its various meanings have since largely merged. Following the upheaval of the French Revolution, individualism was used pejoratively in France to signify the sources of social dissolution and anarchy and the elevation of individual interests above those of the collective. The term's negative connotation was employed by French ...

INTRODUCTION. ALTHOUGH nearly two centuries have passed since the publication of the Social Contract, Rousseau still holds his place as one of the most stimulating and controversial of political theorists. The continuing interest of his work comes from the fact that the problem to which he addressed himself has been recognised in ever increasing measure as the crucial issue of modern politics.
