Although I have since read works by Isaac Asimov, Philip K. Dick, Douglas Adams, et. al., my first introduction to the world of sci-fi novels was William Sleator's Interstellar Pig. It was a nice balance of detail and pacing, and has held up surprisingly well since the first time I read it as a kid.

Interstellar Pig is a great book, a huge inspiration. We actually knew William Sleator in the years before he sadly passed away in 2011, and he was a continual source of imagination and support for us. I'm really interested in the "macguffin" plot device. It's also used to great effect in Harlan Ellison's story "Grail" and the Robert A ...

Interstellar Pig

It looks like a dull summer at the beach for Barney - until he learns the chilling history of the house his family's renting. And the people next door are just as curious about it as he is. At first, Barney is flattered that Zena, Manny, and Joe want to spend so much time with him, and he's eager to join them in their favorite board game, Interstellar Pig, where rival aliens stop at nothing to ...

Interstellar Pig is the best Sci-fi book that I have read. It is so facinating how all the aliens are trying to gain control of the pig. At the same time there is a mystery about the house that barney lives in the captain was supposedley killed by his brother (who is probably one of the aliens playing the game at that time.
