Jim Pryor How To Read

Go Back and Read the Article Carefully When you've figured out what the main conclusion of an article is, and what the overall structure of the article is, go back and read the article carefully. Pay attention to how the various parts fit together. Most importantly, figure out what the author's central argument(s) are.

Guidelines on Reading Philosophy - Jim Pryor

People very often attempt to accomplish too much in a philosophy paper. The usual result of this is a paper that's hard to read, and which is full of inadequately defended and poorly explained claims. So don't be over-ambitious. Don't try to establish any earth-shattering conclusions in your 5-6 page paper.

Jim Pryor is an awesome professor. He is great at explaining confusing material to intro students. He is respectful, and extremely encouraging. I learned so much in this course. His lectures fed heavily off of student responses, but the material is interesting, and he doesn't make you feel stupid. He is also a very entertaining/animated lecturer.
